

ANTWERP DEAD CITY; STREETS DESERTED

Millions of Dollars Worth
of Merchandise Ruined
In Warehouse District

FALL WAS UNEXPECTED

Germans Say City Fell Earlier
Than Expected—Belgians
Were Disheartened

FLIGHT TO HOLLAND OVER

ANTWERP, Oct. 19.—Via London. Antwerp is a dead city. The population has fled and the streets are deserted. Many of the houses which were demolished by the German shell fire are still smoking. Scenes of devastation are to be witnessed in the warehouse district along the river bank. In addition to wrecked buildings, piles of packing cases lie broken up and their contents strewn about the streets. Millions of dollars worth of merchandise has been ruined in this district.

German staff officers in command here today said that the city had fallen eight days earlier than was expected. The Belgians, they said, seemed to have been disheartened by nine weeks of defeat and by the weak resistance offered by the fortified positions on the river Nethe which were carried October 6 and 7.

General von Beseler, the German commander, found easy victory where he had expected hard fighting, members of the staff declared to the correspondent of the Associated Press and desperate resistance where little trouble had been expected.

German Gunners Accurate. The city is guarded by blue-jackets and infantrymen. Antwerp seemed to have suffered less from the bombardment than had been believed. Indications of damage wrought by the German shells were observed in all quarters of the city, but the destruction usually was confined to individual houses at widely scattered points, the great mass of intervening buildings being untouched.

At the German headquarters it was said this fact was due to the definite plan of the Germans to convince Antwerp with a minimum of damage that the city was at the mercy of their guns and that further resistance was useless. The heavy twelve and sixteen inch guns, it was stated, were not used against the city proper but shells from the smaller mortars were dropped throughout the place, a few in each section until every quarter had been systematically visited.

Church Little Damaged. How accurately the public buildings were avoided seemed to have been proven by a shell hole in the pavement at the side entrance to the city hall and in the destruction of a house across the street from that building. The Church of Our Lady, the pride of Antwerp, has a hole eight or ten feet in diameter in one transept window and in an adjoining wall thirty feet above the floor. Otherwise this edifice was not damaged.

The artillery park of the Germans before Antwerp was stronger than was generally known. In addition to their widely heralded sixteen inch mortars and a large number of 12-inch siege guns they had two Austrian automobile batteries of twelve guns.

Effect of Powerful Guns. The effect of the big guns on Antwerp's outer fortifications was more striking than at Liege. Two armored turrets at Fort De Waere-St. Catherine were put out of action with a single shot. Their steel beds broken in two and the heavy masses of metal hurled five or six yards away. In another fort the concrete embankment was pierced like an eggshell and the steel turret uprooted. Still another turret was completely upended and lies with its base pointing skyward and its gun buried beneath.

Behind Fort Waelhem, where a twelve inch shell penetrated the magazine, a heavy steam engine which furnished power for the light plant was blown twenty yards from its base. The entire top of the fort here was blown off and sixty men of the garrison are said to have been buried beneath the debris.

Belgians Abandon Guns. German staff officers say that when the river Nethe was crossed the Belgian defense virtually collapsed. The Belgians abandoned their heavy artillery and machine guns, while the Germans entrenched themselves, expecting a counter-attack.

The officers declare that after eighty German shells had been dropped in various quarters of the city of Antwerp the white flag appeared on the forts and seven of the inner circle of fortifications. The burgomaster of the city then came out and offered to surrender Antwerp but was told that the terms of capitulation could be arranged only with the Belgian military authorities. The burgomaster's plea that

these officers could not be found led to an order for a suspension of the attack.

Belgians Fire Oil Tanks. The German troops then pushed in through the girdle of inner forts and past the undefended city wall, finding that the retreating garrison had blown up the bridge across the river Scheldt and also had interposed a belt of flame against the invaders by firing the oil tanks and covering their surface of the city with burning oil.

Flight to Safety Lessens. Roosendaal, Holland, via London. Oct. 19.—The stream of Belgian refugees, an almost endless procession of panic stricken people which has been passing without restraint the little red, white and blue posts marking the border of the peaceful kingdom of the Netherlands at last is growing turbulent. Probably 400,000 have come rushing into Holland since Antwerp fell.

Try to Induce Refugees to Return. The little town of Eschen, where dazed Belgians took a fearful farewell of their own country quadrupled in population in a week, the four bake shops were besieged by the starving fugitives. The dilapidated border station, where thousands slept in the hands of German sailors who were selling tickets for trains drawn by Belgian locomotives, manned by engineers of the German navy and by sailors, big fellows from the harbors of Hamburg and Bremen. The Germans have been endeavoring to induce the refugees to return to their homes and resume their vocations.

Eschen Center of the Panic. Eschen was the center of the panic which followed Antwerp's fall. A great majority of the residents of Antwerp have been told repeatedly that their city was the strongest fortress in Europe. They remained peacefully in their homes and lustily cheered the British naval brigades, who arrived with motor trucks and machine guns, believing that their number was ten times what it was.

People Cheerfully Optimistic. Personal inconveniences, such as the absence of water for ten days, the city in darkness after six o'clock and the refusal of permission to Belgians outside the city to enter did not lessen the cheerful optimism of the people. Then the governor of Antwerp signed a proclamation which fell like a bombshell. "History teaches how sometimes fortified cities have been subjected to bombardment. Therefore everybody is warned to leave the city, if possible by two o'clock in the afternoon."

Flight Lasts Five Days. The ceaseless flight toward Eschen began immediately. Frenzied thousands rushed homeward, packed their valuables in sheets, towels and bed spreads, strapped children on their backs or placed them in wheelbarrows and hastened to the nearest station. There was no necessity for tickets; the trains gathered in the people like cattle.

Freight cars, cattle cars, milk vans, beer vans, cold storage cars—anything and everything on wheels started northward. This lasted five days. Passengers rode on the roofs of cars, the steps of the locomotives and any convenient foothold they could find.

Dutch Soldiers Give Welcome. Usually the distance between Antwerp and Eschen is covered in about twenty minutes. The refugee trains took six hours. Then followed another slow ride through to Roosendaal, where by a common impulse, the residents carried everything eatable towards the stations. The dutch soldiers lined up in solid rows pushed the baskets of food in the windows and coaxed the babies, the children and the women to eat and drink; then they escorted the frightened thousands to schools, theatres, barracks and barns, where shelter awaited them.

The welcome was rather elementary, but it was warmhearted. The Dutch supplied the refugees with the best they had, although sometimes it was only brown bread and cold water, for those who had lived luxuriously in their Belgian homes. For the sick and lame there were blankets into which they were bundled.

Many Refugees Diseased. Roosendaal had too few ambulances to accommodate those suffering from incurable diseases who had been released pell mell from Antwerp institutions and crowded into these trains. One train of eight cattle cars contained only former inmates of asylums, insane. They were treated as far as possible in the neighboring Dutch institutions. At Nispen, where a barbed wire fence marks the frontier, the peasant population came afoot like a mediæval tribe migrating with cows, pigs, mattresses and whatever else they thought most precious, women and children not knowing where they were going seeking only to escape the terrible bombardment, which had rung on their ears for several days.

Multitude to Provide For. The Dutch soldiers, half coaxing half driving these frightened hordes, turned the green uniform into a welcome insignia for the terrified refugees who asked: "Are you Germans?" Yet not for several days could the frightened peasants believe that the green uniform belonged not to the Germans but to the Dutch soldiers.

Holland just now is wondering like England, how she is to provide permanently for this terrified multitude.

HIGHTOWER OUT OF GAME. Chicago, Oct. 19.—Wilbur Hightower, captain and quarterback of the Northwestern University football team, who was hurt in the game with Lake Forest Academy several weeks ago probably will not be able to play against Illinois Saturday.

SCIENTIFIC SURVEY MAY LOWER PRICE

FEDERAL COMMITTEE APPOINTED
YEAR AGO MAKES FIRST REPORT

Asserts Equalization of Production of Meat in the U. S. to Lower Price Can Come Only Through Survey of Production and Consumption of Animals.

Chicago, Oct. 19.—The equalization of the meat in the United States to restore lower price can come only through a scientific survey of the production and consumption of animals, according to the first report of the federal committee appointed a year ago. Announcement of the committee's program was sent to the American Meat Packers Association by Beverly T. Galloway of Cornell University, chairman of the committee.

Meat shortages have grown, the report continues, in spite of the more advantageous means of slaughter and distribution that has developed from the centralized packing plants. This has been offset by the loss of range lands. A careful study of the subject is to be undertaken under two heads: First, a general investigation of the methods of producing, slaughtering and distributing meat products, to determine what is to be done to increase production in the United States.

Second, a general investigation of the production and consumption of meat animals in the United States and the principal foreign countries. This investigation should show the comparative increase in population, relative per capita consumption and the increase or decrease in meat production, for both the importing and exporting countries.

WOULD RESTORE NORMAL CONDITIONS OF EXCHANGE

Washington, Oct. 19.—Sir George Paish, special adviser to the English chancellor of the exchequer, Basil Blackett, of the English treasury, Secretary McAdoo and the federal reserve board today began a series of conferences which are expected to have a most important effect upon financial conditions in both Great Britain and the United States. Restoration of normal conditions in foreign exchange dealings between the two countries is the object of the meetings and they probably will have a direct influence upon the disposition of the south's enormous cotton crop.

Although there was no formal discussion today of any plans which may eventually be put forth by the Englishmen or by the reserve board it became known tonight that officials of the American government feel keenly that cotton is the crux of a situation which has many ramifications and that upon the success of plans to care for surplus cotton and upon the willingness of manufacturers to buy cotton, more than upon any other thing depends the value of Sir George's visit.

WAR BULLETINS

LONDON, Oct. 20.—The Morning Post correspondent in the north of France says he learns on excellent authority that the allies have recaptured Ostend.

PARIS, Oct. 19.—The official communication issued by the war office tonight says: "In Belgium attacks by the Germans between Nieupoort and Dixmude have been repulsed by the Belgian army, effectually aided by the British fleet."

"Between Arras and Roye slight progress has been made at several points. Our troops have reached as far as the wire networks of the defense. In the neighborhood of St. Mihiel we have gained some ground on the right bank of the Meuse. No news of importance has been received regarding the remainder of the front."

PETROGRAD, Oct. 19.—The Russian general staff today made this announcement: "We gained partial successes on October 18 in very fierce fighting in the region of Warsaw and south of Przemysl."

LONDON, Oct. 19.—German forces have reached the neighborhood of Dunkirk according to a Berlin official despatch to the Marconi Wireless Co. Heavy fighting is taking place at Dixmude and Roulers. The inhabitants of Dunkirk and Boulogne are in flight.

WASHINGTON, Oct. 19.—Shell fire from howitzer in the German fortress of Tsing-Tau has heavily damaged the Great Britain battleship Triumph and compelled her to withdraw from the British-Japanese bombardment fleet, according to a statement issued tonight by the German embassy based on despatches from the Far East by way of San Francisco.

No details were given in the despatches and the date of the incident was not mentioned. Embassy officials, however, thought the damage to the bombardment fleet was inflicted yesterday. They discredited reports that the Tsing-Tau garrison was preparing to capitulate.

BELGIANS CHECK GERMAN ADVANCE

Aided by British Warships
Belgians Succeed in Repulsing the Attacks

FIGHTING ALONG COAST

Invaders Attempt to Force Way
Along Coast Between Nieupoort and Dixmude

STRUGGLE BETWEEN ROYE AND ARRAS CONTINUES

That section of Belgium which stretches from Ostend on the North Sea to the French border from which the strongly fortified French seep of Dunkirk is distant only a few miles is bearing the brunt of the heavy fighting between the allied armies and the Germans. The invaders have been attempting to force their way along the coast between Nieupoort and Dixmude but have been opposed by the Belgians, who, aided by British warships, according to the French official communication, have succeeded in repulsing their attacks.

The nature of the assistance afforded by the British squadron is not divulged but previous reports indicated that the naval arm of one country or the other was being utilized in connection with the fighting on land.

The Allies Have Advanced. The troops who are arrayed against each other between Arras and Roye are still driving with shot and shell and probably with bayonet and in this district the allies have advanced at several points, reaching as far in some instances as the wire entanglements which constitute part of the German defensive works.

Germans Nearing Dunkirk. A Berlin official despatch announces that the German forces have reached the neighborhood of Dunkirk and that the inhabitants of Dunkirk and Boulogne are in flight. It confirms the report of heavy fighting at Dixmude and Roulers.

The German embassy at Washington, basing the announcement on a despatch from the Far East, by way of San Francisco, says that the British battleship Triumph has suffered severely from shellfire from the German fortress of Tsing-Tau, and has been forced to withdraw from the British-Japanese bombardment fleet.

Refuses England's Request. Turkey has refused to assent to Great Britain's request that the German cruisers Goeben and Breslau be discharged. The Ottoman government says the matter of the retention of the Germans is a domestic question.

While England and Holland are wrestling with the problem of caring for the Belgian refugees who have flocked to those countries in hundreds of thousands, the American government is taking measures for the relief of the destitute and the German government has consented to the admission of food supplies to Belgium.

Amsterdam reports that large numbers of refugees are returning to Antwerp and that the Belgian city is resuming its normal appearance.

Partial Russian successes in fierce fighting in the region of Warsaw and south of Przemysl are reported officially from Petrograd.

Recapture of Ostend Reported. That the allies have recaptured Ostend is the report sent to the London Post by its correspondent in the north of France, who says he has excellent authority for this statement.

Irish Nationalists in London at a meeting held for the purpose of expressing confidence in the leadership of John Redmond and to endorse the action of the Irish party in supporting the allies in the present war, have adopted a pledge never to sheathe the sword until Belgium's freedom has been restored.

Reaches Critical Point. London, Oct. 19.—The third act of the war in the western theatre—the attempted advance of the Germans along the coast of Belgium and northern France, apparently with the design of establishing themselves in the channel ports from which points of vantage they could menace England—has reached a critical point.

According to the French official announcement today German heavy artillery, presumably used in the siege of Antwerp, has bombarded the front from Nieupoort to Vladslo which is about 10 miles from the coast.

The allies also have made progress eastward from a point south of Arras towards Lille on a line running roughly to Arras. The report tells of house to house fighting in which the allies are advancing. The battle has raged around Arras without respite for ten days and on the part of the allied troops,

FRANK E. VOGEL DIES SUDDENLY IN NEW YORK

WAS VICE PRESIDENT OF FOURTEENTH
STREET SIEGEL STORE

Vogel Was Under Indictment and Awaiting Trial With Henry Siegel on Charge of Grand Larceny.—Death Was Due to Heart Failure.

New York, Oct. 19.—Frank E. Vogel, who was vice president of the Fourteenth Street store of which Henry Siegel was president and of the defunct bank of Henry Siegel and Co., and who with him is awaiting trial on the charge of grand larceny following the finding of fourteen indictments against both for alleged mismanagement of the affairs of the store and bank, died suddenly tonight in his apartments in a hotel here.

The Vogel family physician said death was due to heart failure, Mr. Vogel having suffered with an affection of the heart for 15 years. Coroner Hellenstein was summoned and after viewing the body ordered that an autopsy be performed tomorrow morning. The coroner said that in view of the indictments against Mr. Vogel he was ordering an autopsy to ward off any suspicion that Vogel's death was anything but natural and laid stress on the fact that the family acquiesced.

Mr. and Mrs. Vogel, with two children, arrived at the hotel from their summer home at Brain Cliff Manor yesterday. Vogel then expressed his intention of staying here through the winter.

After starting out for a walk to night, Mr. Vogel telephoned to his wife that he was feeling ill and was on his way home. When he entered the apartment he asked for some warm tea. As Mrs. Vogel started to the door she heard her husband fall. Mr. Vogel was born in Chicago 56 years ago.

LONDON OFFICERS DISPERSE ANGRY MOB AFTER GERMANS

Public Prosecutor Declares Actions of Londoners is Disgrace to Englishmen.

London, Oct. 19.—Another mob attempted to wreck German shops in the Borough of Deptford tonight but a large force of special police who had been placed in the district in anticipation of scenes similar to those previously enacted, dispersed the crowd. Many of the German shopkeepers fearing that attacks would be made on their premises tonight had strongly barricaded them.

Declines to Accept Bail. A judge in the police court today declined to accept bail in the case of over thirty rioters arrested during Sunday night's demonstrations. The public prosecutor advised that this course be adopted by the court, declaring that the conduct of the participants in the wrecking and looting of the stores and living apartments of the Germans was a disgrace to Englishmen.

Discharge Germans and Austrians. The newspaper campaign against the employment of subjects of enemy countries continues. Several additional hotels announced today that all German and Austrian employees had been discharged. A number of large restaurants have substituted girl waiters for the Germans and Austrians who previously held the positions.

TROY GIVES CAPTAIN EVERS A ROUSING RECEPTION

Is Wildly Cheered Along Line of
March of Great Parade in His Honor.

Troy, N. Y., Oct. 19.—Troy gave Johnny Evers, captain of the Boston Braves, a rousing reception tonight upon his return to his home in this city. There was a parade with ten bands and several drum corps and over thousand men in line. Nearly every organization in the city was represented.

Captain Evers rode at the head of the column in an automobile with Mayor Barnes and he was wildly cheered all along the line of march. After the parade there was a banquet at the state armory at which about 500 guests were present.

MUST TAKE OATH OF FIDELITY.

London, Oct. 19.—A home despatch to the Central News says: "According to advices from Trieste all the new Austrian soldiers are required to take the oath of fidelity to the German emperor as well as to the Austrian emperor."

"With a perseverance and a spirit which never for a moment has been relaxed."

The German official report covers these operations more tersely. It says that the attacks to the west and northwest of Lille have been repulsed with heavy losses to the allies.

The English and French papers naturally gather encouragement from the reports published from their side. From the German point of view it is possible the Germans have improved their position and with the forces which besieged Antwerp and reinforcements from Germany are attempting along the coast another sweeping movement like that which carried them so far into France.

RAILROAD OFFICIALS URGE RATE INCREASE

APPEAR BEFORE INTERSTATE COMMERCE COMMISSION IN WASHINGTON

President Willard of the B. & O. is Principal Witness—Defends Reduction of Practically Every Railroad Expense Except Dividends.

Washington, Oct. 19.—Urging that business depression and the war in Europe had caused a shrinkage of over \$75,000,000 in their annual net revenues, representatives of thirty-eight eastern railroads operating over 59,000 miles of transportation lines appeared before the interstate commerce commission today asking that they be granted at least a five per cent increase in freight rates.

Daniel E. Willard, president of the Baltimore and Ohio railroad, also head of the conference of presidents of the lines involved, was the principal witness. He was supported by a mass of statistics presented by Vice-president Shilver of the same line, acting for all the roads. Further evidence will be submitted tomorrow.

Mr. Willard said dividends of the Baltimore and Ohio had been maintained at six per cent this year at his recommendation. He declared he believed it had been justified by the fact that the road had had \$32,000,000 in surplus.

"I am not prepared to say, however," the witness added, "what I may recommend in future in view of present conditions."

Necessary to Maintain Credit. He had recommended the continuance of the six per cent dividend he said, because it was necessary to maintain the credit of the line. A recent note issue of \$35,000,000 by the Baltimore and Ohio was marketed at par, bearing a 1-2 per cent interest and a commission of one-half of one per cent was paid, making the total cost to the company five per cent. This issue must be met in June next year, Mr. Willard said, and the present outlook was that money could not be obtained then at less than 7 or 8 per cent.

Takes Exceptions to Statement. Mr. Brandeis, counsel for the commission, took exceptions to the statement of the Baltimore and Ohio surplus. He insisted that \$22,000,000 of the \$32,000,000 was represented in the lines' investment in behalf of Cincinnati, Hamilton and Dayton railroad, now in the hands of a receiver. Mr. Willard admitted this but declared the purchase of that road was not at issue in the present hearing.

"Whatever our necessities," he said, "they are not due to the Cincinnati, Hamilton and Dayton."

"Yet you have \$35,000,000 in notes to pay next year," said Mr. Brandeis, "and you have advanced \$22,000,000 to the Cincinnati, Hamilton and Dayton."

Reverting to the possibility that interest rates would be greatly advanced when these notes fell due, Mr. Brandeis said:

"If it be true that you may have to pay 7 or 8 per cent, isn't that a fact that should be taken by the stockholders through a reduction of dividends rather than be met by an advance in rate? You defend here today a reduction of practically every railroad expense except dividends."

"Nothing we do in the way of decreasing expenses of maintenance and equipment is permitted to encroach on safety on operation," Mr. Willard replied.

Mr. Brandeis declared the statement of the railroads and disclosed so far nothing originating since the commission's recent ruling, rejecting the eastern line's previous plea for a five per cent advance in rates.

PROGRESS ON WAR MEASURE DELAYED

Obstructive Tactics Delay
Progress on War Revenue Bill in House

IS SENT TO COMMITTEE

Bill Is Sent Back to Ways and Means Committee for Consideration of Amendments

MEMBERS EAGER TO GET HOME

MONDAY IN CONGRESS. Senate.

Not in session, meets Tuesday. House. Met at noon. War revenue tax bill as amended by the senate was referred to the ways and means committee.

Adjourned at 1:28 p. m. until noon Tuesday for lack of a quorum.

WASHINGTON, Oct. 19.—Obstructive tactics in the house delayed progress today on the war revenue bill. Instead of referring the bill to conference as administration leaders had expected it was sent back to the ways and means committee for consideration of the ninety-eight senate amendments on demand of Representative Henry of Texas who is insistent that there should be some cotton relief legislation before congress adjourns.

That action put members eager to get home in a belligerent mood and Representative Bathrick of Ohio made a point of no quorum and forced the house to adjourn until tomorrow.

Chairman Underwood said the committee would report the bill tomorrow with the recommendation that the house disagree to all the senate amendments.

"What the house will do, I do not know," he said, "but I believe the general temper of the members is to send the bill to conference and get away as soon as possible. Despite this delay, we can still adjourn this week if members of the house will be good. If they insist on discussing amendments and sticking to all the rules, we cannot possibly get through for another week."

Representative Henry, after adjournment today declared he would insist upon a quorum before final disposition of the revenue bill and that he would make another effort to get up his bill for the issuance of \$350,000,000 of government bonds for relief of the cotton states.

K. OF P. DELEGATES IN QUINCY FOR CONVENTION

Will be Largest Gathering of the Order in This State.

Quincy, Ill., Oct. 19.—Six hundred delegates are in Quincy tonight for the opening of the state convention of the Knights of Pythias tomorrow. This will be the largest gathering in the history of the order in Illinois. Interest centers in the election Wednesday when the only fight, as usual, will be for the position of Grand Outer Guard. Among the announced candidates for the position are W. T. Hudson, of Galena; Rolla R. Longenecker, Chicago, and Edward T. Guthrie, Mattoon.

ATTITUDE IS APPROVED.

London, Oct. 19.—The following despatch from Berlin was received tonight by the Marconi Wireless Telegraph Co.:

"The Vienna Reichpost says that at a meeting of the Rumanian cabinet held in Bucharest under the presidency of King Ferdinand at which representatives of the various parties were present, the attitude of the government with regard to the war was approved."

TO the Voters of Morgan and Sangamon Counties.

Hon. E. S. Smith, for many years First Assistant to the Attorney General, is the Republican nominee for States Senator for this Senatorial District.

He is familiar with legislative procedure and can accomplish results.

He believes in good government and the enactment of such laws as will promote the general welfare. He is worthy of your confidence and solicits your support on election day.

Waterson and Wilson at Peace.

Henry Waterson, the veteran Kentucky editor, broke bread and figuratively smoked the pipe of peace with President Wilson at the White House Sunday.

"Marse" Henry reached the White House shortly before 2 o'clock and was met at the east room door by the president with a hearty handshake. The president had returned a short time before from church. This was the first meeting of the two since the meeting at the Manhattan Club in New York, when Col. George Harvey was frankly told in Col. Waterson's presence that the support of Harper's Weekly, of which Harvey was then editor, was embarrassing.

Two weeks ago Col. Harvey "made up" with the president, with whom he spent two hours at the White House, and the reconciliation with Waterson was forecast at that time. This visit of Harvey removed the cause of Waterson's estrangement and he accepted the invitation extended by the president to visit him Sunday.

Touching tributes paid at the time of Mrs. Wilson's death by Col. Waterson, both by personal letter and in the columns of the Louisville Courier-Journal, which brought letters of appreciation from the president, also had a part in paving the way for the meeting.

The Fitness of Sherman.

The fact that Senator Sherman is a resident of Springfield and not of Chicago is adding strength to his candidacy. James Hamilton Lewis, who has four years more to serve in the senate is a resident of Chicago. Roger Sullivan and Raymond Robins who are vigorously seeking election are residents of Chicago and there are thousands of voters who are firm in the belief that the remainder of Illinois, that included in the one hundred and one counties of the state outside of Cook are justly entitled to representation in the senate.

If for no other reason than this Sherman deserves support from the down-state citizen. But there are stronger reasons than this which might be summed up in the statement that he is a broad minded, honest hard working statesman, fearless in his support of what he believes right and in his denunciation of what he believes to be wrong. Recently in defining his position Senator Sherman said with characteristic candor:

"My attitude toward President Wilson and the national administration has been a subject for discussion," said Senator Sherman today. These are the facts:

"I have supported President Wilson and will continue to support him in his foreign policy under existing conditions. My vote will be registered every time to uphold the president in dealing with Mexico and the European war situation. He is the head of the army and the navy, the recognized spokesman of all the people of the United States in the treatment of these questions.

"No man of patriotism will seek to hamper the president in any way in his exercise of the full power of his office in dealing with these war questions. I heartily commend him in this. No member of his own party will be more steadfast in upholding Mr. Wilson's hands than I in this respect.

"I do differ with the national administration, however, and differ radically on the fundamental questions of revenue and prosperity. I disagree with the theory of a Democratic tariff law. I am opposed to free trade—the underlying principle—because I know it makes for business distress in the long run, which affects first and most seriously the laboring classes.

"I shall oppose President Wilson now and at all times on the tariff issue—on the fundamental business stability. For this reason:

"The commerce of the American people in our country, what we produce and handle among ourselves, is forty billion dollars annually. When we open the doors to foreign producers what they send in displaces that we make ourselves."

Farming Is a Home Work.

A recent issue of college agriculture bulletin containing among others the following items:

"Farming is a home work and builds up family interest and companionship. The family live together. The work is congenial and broadening. It calls for the fullest development of the whole man. There is scope for the keenest intellect the most stalwart of physical form, and the most sensible and controlled moral life. You can bring the most highly cultured life into profitable and enjoyable use on the farm.

Finally the critical test of a vocation is its opportunity for service to humanity. Here farming is supreme. The farmer feeds the world. Why should those who have made good stay on the farm?"

"This can be answered in a single sentence. Because it is material, mental, physical and moral suicide for the well-to-do farmer to retire to the village or the city. If he has been a real farmer he has been a part of the farm and country life. His interests are in the country. He delights in the growing crop, he admires the thrifty flock and herd. His mind has been broadened, his senses refined; therefore he cannot find satisfaction in the "two by four" city lot or the gossip of the street.

Released from responsibility and from his natural position as head and leader, the moral restraints are loosened and it takes a strong man to hold himself to the highest standard of thinking and action.

The germ of this disease of retiring get into the system early. Many young couples start out with the avowed purpose to drudge and skimp and save on the farm so as to get enough ahead to retire on. A cure for this is to start the farm with the right ideals. Aim to make a suitable place to live the entire life. Make it yield comfort as well as a living. Build your home permanently. Have in your plan provision for old age, comforts and leisure. These ideals can be realized on the farm for farm folk much better than by their moving to town.

Annual Session of Illinois Telephone Men is Held When Directors are Chosen—Declare Dividend.

At the annual meeting of the stockholders of the Illinois Telephone Co., held in their offices in the Gallaher block Monday, W. W. Holliday and S. W. Ingalls of Jacksonville and M. B. Ross of White Hall were elected directors for terms of three years.

Following this meeting the directors of the company held their annual session when the semi-annual dividend of 3 per cent was declared, payable November 23. Reports showed the affairs of the company to be in good condition. An election of officers was held with the following results:

President—John R. Loar.
Vice president—E. P. Kirby.
Treasurer—W. W. Bwing.
Among those from out of the city here to attend the meeting were: M. B. Ross and C. E. King of White Hall, C. T. Bates of Roodhouse, Carson Metcalf of Greenfield and John Moody of Chaplin.

FREE ELECTRICAL INFORMATION.

The leading scientists, engineers and business men in the electrical industry about two years ago formed a co-operative organization called The Society for Electrical Development, incorporated. Its membership at the present time includes more than 1,400 firms in the electrical field whose voluntary subscriptions place at its disposal a large fund with which to educate the public in the economy, efficiency and safety of electric service.

The society maintains a bureau of information where authoritative but popular answers to electrical questions may be obtained free of charge by any one.

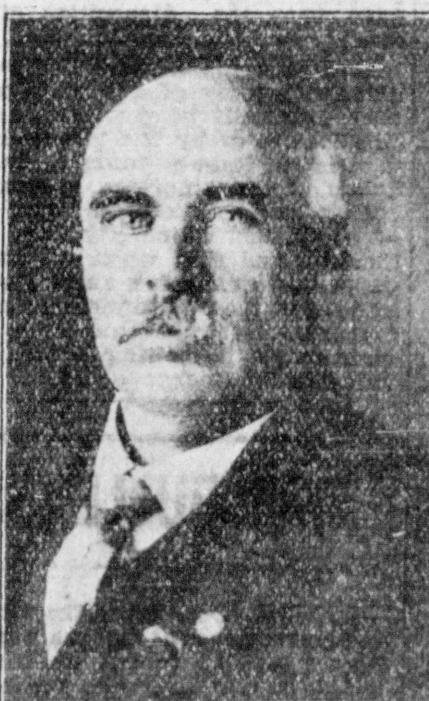

The headquarters are in the United Engineering Societies' Building, 29 West 39th street, New York City, which was a gift from Mr. Andrew Carnegie to the several engineering and technical institutes and associations located in New York.

Rev. Davis W. Martin Severs Con-

Church.

Rev. Davis W. Martin has handed in his resignation as pastor of the Christian church at Concord and last Sunday the resignation was ac-
cepted. Mr. Martin has been at-
tending Eureka college, from which institution he graduates next year.
For the past two years he has been preaching every two weeks at Con-
cord. He has received a call from a church in the northern part of the state where he will preach every Sunday and enter a field which will give him greater opportunities.

While pastor at Concord plans were made for a new building, which will serve as a dining room and entertainment hall. The Sun-day school recently had a contest during which time the attendance was raised the highest in its history. A new lighting plant has been installed and every department of church activity has felt the influ-
ence of Mr. Martin. The Concord church expects to have a resident preacher soon.

Don't forget to attend the Races
tomorrow at Jacksonville Driving
Club.

**J. H. S. ON ACCREDITED LIST

Principal Charles A. R. Stone of Jacksonville High school has re-
ceived a communication from the University of Pennsylvania stating that the Jacksonville school has been put on the accredited list of the institution. This means that all students who passed a grade of 75 per cent and have attended the High school one year, are entitled to enter there without further ex-
aminations.

MORTUARY

Davis.

A letter received by friends here from Mrs. James Davis, announces the death of her husband at Tacoma, Washington, Sept. 29th. Mr. Davis was for a number of years a resident of Morgan county, but for a considerable period has been living in Tacoma. Mrs. Davis' name before her marriage was Miss Sarah J. Selby and her sister Miss Ada Selby, also a former Jacksonville resident has been living with her in Tacoma for a number of years. Mr. Davis has been an invalid for a long period and for nine months had been confined to his bed. He bore his suffering with a patient spirit and was ready for the final sum-
mons. He was a man of strong character and Christian faith, and his whole life was above reproach.

Hockenbuhl.

A cablegram was received by friends of the family, in this city, Monday, from Mrs. Aspasia LaSalle Hockenbuhl and dated London, Eng., Oct. 19, 1914, "Robert died today of pneumonia.—Aspasia."

The deceased was a son of Mr. and Mrs. John Hockenbuhl and was born in this city about 28 years ago. He was a student at Illinois college before leaving this city to reside with his mother in London, though he has for the past few years made his home in Paris. No details are known, the only knowledge being the brief statement contained in the cablegram.

Franz.

Mrs. Catherine Kiss Franz died at the family residence, 610 Grove street at 10:45 o'clock Monday morn-
ing after being an invalid since the death of her husband and son Fred, both of whom preceded her in death in July and August of last year.

Mrs. Franz was a daughter of Mr. and Mrs. George Adam Kiss and she was born in Germany, May 26, 1852 and at the time of her death was 62 years, 4 months and 23 days of age. Although an invalid she was confined to her bed but six weeks previous to her death. When she was but three years old her parents came to this country and settled in Alexandria, W. Va. Her parents both met their death by a railroad accident when the little girl was but 10 years old and she was cared for by relatives in New York.

On May 6, 1871, Catherine Kiss and Henry W. Franz were united in marriage in New York and shortly afterwards came to Illinois where they have since made their home. She was the mother of 11 children, ten of whom survive her, George of Corydon, Ia., Edward of St. Louis, Maude, Henry, Allen, Leslie, Alma, Earl, William and Harvey of Jack-
sonville. Mrs. Franz was a con-
sistent Christian woman and a member of Westminster Presby-
terian church. She was held in high esteem by all who knew her.

Funeral services will be held at 3 o'clock Wednesday afternoon at the residence and will be in charge of Rev. L. H. Davis. Interment will be in Diamond Grove cemetery.

Noblett.

William Noblett, who had been ill for the past three weeks with typhoid fever, died Sunday evening at 8 o'clock at Passavant hospital. The deceased was a resident of Exeter. The remains were taken to the Reynolds undertaking establish-
ment and Monday morning were sent to Winchester, via the Walsh. Fu-
neral services will be held there today.

Fearnon.

Word has been received in the city of the death of W. J. Fearnon, a former resident of Jacksonville who passed away at his home in Los Angeles, Calif., Sunday. He had been ill only a short time. He moved from Jacksonville about twenty years ago. He was fifty-seven years of age and is survived by his wife and one son, Dr. Max Fearnon, also one brother, J. E. Fearnon, of St. Louis and three sisters, Mrs. L. A. Devine and Mrs. W. Sullivan of Omaha, Neb., and Mrs. W. H. McCar-
thy of North Church street, this city. Burial will be made in Los Angeles.

The At-Home cards read after November first, Franklin, Ill.

**MOTHER! IF CHILD'S
TONGUE IS COATED**

If Cross, Feverish, Constipated, Give
"California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrup. Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company,"—adv.

Buy Your Dress Goods at Harmon's and Use Pictorial Review Patterns

Pictorial Review Patterns—in their simplicity of construction—have done more to reduce the "high cost of being well dressed" than any other agency. The making of a dress, in many cases, costs more than the material, but by the aid of these patterns it is an easy matter for a novice—if she has the least aptitude for dress making—to fashion a garment embodying all the style lines accentuated in the original drawing of the designer. This has encouraged home dressmaking, which eliminates the expense of a paid dressmaker.

As the use of Pictorial Review Patterns leads to the proper construction of your dresses, Harmon's Dry Goods Store stands out as the best place in the "fifty mile zone" to buy the materials which enter into the dress. Our Dress Goods and Silk sections contain complete assortments of all the materials upon which fashion has placed her stamp of approval. It makes no difference what your requirements may be—from the simple house dress to an elaborate evening gown—our stocks are splendidly prepared to satisfy you in every particular.

PRIOR to 1880 there was no organization, no regulation of hours or shop conditions in the cigar industry. Chaos reigned. Health was bad. Pay was poor. Hours were long and employment unsteady. In addition, the influence of labor in securing remedial legislation was lacking, owing to lack of organization. The birth and growth of the American labor movement brought with it, through its economic strength and its legislative influence the remedial legislation, both in the union and governmental bodies, which has shown remarkable results as regards health in our industries.

The following is taken from a report made by International President Perkins to the membership of the C. M. I. U. of A. It is a compilation of statistics gathered from the locals of the organization in the United States, Canada and Porto Rico. The figures are eminently correct and reliable. They indicate results obtained in the standard of health in the cigar industry through organization.

"In 1888, two years after the adoption of the eight-hour work day, 50 per cent of the deaths that year were caused by tuberculosis.

"In 1910, the total number of deaths was 588, of which number tuberculosis claimed 126, or 21 1-2 per cent.

"In 1911, the total number of deaths was 622, of which number tuberculosis claimed 136, or 20 1-10 per cent."

We've Been Talking to You for Several Months ABOUT MONEY.

Altho hundreds of Jacksonville people have taken advantage of our low rates, long time, easy payment plan of loaning MONEY, we know there are many more who could use a few extra dollars to good advantage but hesitate to call for some imaginary reason. You may think it a difficult matter to draw MONEY of us, that we ask you a lot of embarrassing questions, or go nosing around among your relatives or friends to find out all about you. We do nothing of the sort. We simply LOAN you the MONEY on your own name without asking any one to sign with you, and only ask a lien on your furniture, Piano, Pictures or other personal effects as an evidence of good faith on your part, you pay us back in small weekly or monthly payments, and that's all there is to it. MEN IN HARD PRACTICE FOR SHURTLEFF GAME

Coach Harmon Putting Men Through Sift Work in Preparation for the Struggle with Alton Eleven Friday.

Coach Harmon had his varsity squad hard at work Monday in preparation for the football game Friday here against Shurtleff college of Alton. Shurtleff played the last Millikin team last Saturday on the Decatur grounds and were defeated by a score of 17 to 0. What Illinois can do with the Alton team will in a measure show the relative strength of Illinois and Millikin.

With their defeat of Shurtleff, Millikin is figuring on championship honors of minor colleges of the state. Along with them is Lombard, who is accounted a strong contender for the flag and William and Vashit are also figuring in the same class. The game last Saturday between Bradley of Peoria and Lincoln was called off on account of the rain.

Coach Harmon will send his second team to Carrollton next Saturday to play the High school eleven.

Paul S. and Russell Boy will start in the Free for all pace at the races tomorrow. Be sure and see them.

COLONEL ROOSEVELT ATTACKS SHERMAN AND SULLIVAN

Ends Visit to Illinois in Favor of Candidacy of Robins and Other Progressives.

Chicago, Oct. 19.—Colonel Theodore Roosevelt bitterly attacked United States Senator Sherman, Republican candidate for re-election and Roger C. Sullivan, the Democratic candidate for the United States senate in a speech here tonight ending a two days' visit to Illinois in favor of the candidacy of Raymond Robins and other Progressives.

The old party candidates, he declared, were typical of the bi-partisan machine politics and the fight in Illinois, as in New York, he said, was not one of party principle but of simple honesty.

The Illinois Progressive, with his approval, Col. Roosevelt said had declined offers to enter into a deal with Sherman for a junction with Republicans by which Mr. Sherman and a Progressive candidate would have been chosen to the United States senate in 1913 when finally Mr. Sherman and Col. James Hamilton Lewis, were elected.

Speaks to Steel Workers.

Col. Roosevelt's speech tonight was the climax of a busy day in which he rushed by automobile at noon to Gary, Ind., to speak to the steel workers there in favor of A. J. Beveridge, former United States senator, now a Progressive candidate to the senate from Indiana. He attacked bi-partisan politics under the name of Limerism and recalled that he had refused to sit at a public banquet here with Lorimer while Lorimer was contesting for his seat in the United States senate.

Issue One of "Simple Honesty." "This year in Illinois, as in my own state of New York, the dominating issue is not one of party principles," he said, "but of simple honesty. We Progressives are fighting for a definite social and industrial program but after all, it is impossible to get such a program unless we have sincere and honest men in public life."

"In Illinois, as in New York, both of the old parties represent privilege in its most offensive form—both political and industrial. In New York Mr. Murphy is in absolute and unchecked control of the Democratic organization and has nominated whoever he saw fit. Mr. Barnes is in similar control of the Republican organization."

Attacks Records of Candidates. Colonel Roosevelt attacked the records of the Democratic and Republican candidates. Mr. Sullivan, he said, had his whole career shaped by his part in the Oden gas ordinance in the Chicago city council. The foundation for Mr. Sherman's political career was laid, he said, when in the legislature he supported the so-called Allen law, giving the city of Chicago the right to grant fifty year franchises.

AUSTRIANS DRIVEN BACK.

London, Oct. 19.—A despatch to the Exchange Telegraph from Rome says advices received in the Italian capital from Cetinje, Montenegro, state that the Austrian fleet in the harbor of Cattaro, Dalmatia, attempted to escape Sunday and break through the French fleet blockading the port. The dispatch adds that the Austrians were promptly driven back into the harbor.

CENTENARY EVERY MEMBER CAMPAIGN WAS SUCCESSFUL

Twenty-Nine Groups of Men Made Over Four Hundred Calls Sunday.

Every member Canvass of Centenary M. E. church proved quite successful last Sunday. Twenty-nine groups of men made 406 calls which included 88 calls where people were not at home. A visit to the rural districts is being planned when the roads become better. A luncheon was enjoyed in the Sunday school room of the church at 6:30 and the evening service was given over to hearing reports of the day's soliciting (which were commendable). Rev. G. W. Plagge at the morning service preached especially in behalf of the cause. A permanent organization is being talked of among the men of the church.

The personnel of the teams which went in pairs follows: A. C. Baldwin and T. H. Rapp; G. N. Blair and C. E. Williams; C. W. Boston and J. P. Hopper; H. C. Busby; O. F. Carr and George Moore; Fred Barr and W. H. P. Huber; Albert Farrow and George Sargent; Elmer Gary and William Kastrup; F. J. Garland and McKendree McElfresh; L. Goheen and William Spillman; J. M. Green; Frank Hamm; D. T. Hemlich and M. V. Wyatt; John Hodgson and James Deatherage; J. E. Hofman and G. M. Luttrell; E. L. Kinney and Louis Kelly; J. M. Kitner and Clarence Phelps; A. C. Metcalf and L. L. Waterfield; Henry Muehlhausen and John Engel; W. H. Naylor and Ira Patterson; W. B. Rexroat and J. A. Patterson; H. M. Rowland and C. L. Keener; E. G. Saye and George James; E. S. Smith and J. T. Tribe; J. W. Taylor and Herman Johnson; Claude Vail and Charles Keenan; W. M. Wilkinson and Claude Williams.

FUNERALS

Robinson.

Funeral services for Damon Robinson were held Monday afternoon at 2:30 o'clock at Berda church, two and one-half miles south of Prentice, in the presence of a large number of relatives and friends. The services were conducted by Rev. Mr. French, pastor of the Christian church at Virginia. Music was furnished by a quartet composed of Miss Jessie Parson, Miss Ethel Shortridge, Thomas Shelton and Harry Hardin and the flowers, which were many and beautiful, were cared for by Miss Mabel Foster, Miss Myrtle Swain, Miss Ella Visser and Miss Lou Dawson.

Interment was made in the Berea cemetery and the bearers were Walter Robertson, Frank, Norman and George Dewees, Charles Swain and George Flynn.

Among those from Jacksonville who attended the services were Mrs. Sarah Kelso, Mr. and Mrs. William Boston, Charles, Grant and Byron Graff.

MATRIMONIAL

Wells-Price.

Harry Wells and Mrs. Ruby Price were married in St. Louis Saturday and the newly-weds returned to Jacksonville Monday and are stopping at the Cottage Home. Mr. Wells is one of the men who is constructing the smokestack at the power house for the Traction system and he expects to go to Beloit, Mich. soon where his company has a contract. Mrs. Wells is a St. Louis resident.

BOSTON MAY RAISE FUND FOR UNEMPLOYED LABORERS

Money Would Be Used For Municipal Improvements During the Winter.

Boston, Oct. 19.—The raising of a fund of \$100,000 or more to provide work for thousands of unemployed mechanics and laborers is proposed by Mayor Curley. He would act in conjunction with the national civic federation of women according to plans announced today. The money would be used for street construction and other municipal improvements during the winter.

Seek Jail to Get Free Board. "Boston's jails and charitable institutions are over-crowded," said Mayor Curley. "So hard is the working class being pinched by the European war that married people are actually conspiring to get money and board at the expense of a prison record. In many cases men have been committed to jail for minor offenses to get board and lodging while their wives receive fifty cents a day from the city. Already we have paid \$12,000 in this way, which is twenty-five per cent more than we paid during the whole of last year."

WILL APPEAL CASE.

City Atty. Thompson in accordance with the wishes of the city council is preparing an appeal in the city case wherein Judge Jones recently declared the ordinance forbidding the shipment of liquor into the city was not legal.

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

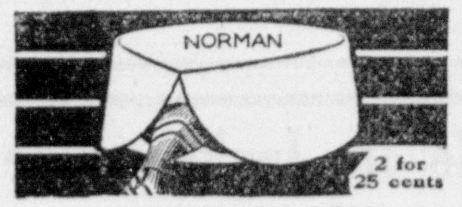

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.
Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 2, Ephrata, Pa.

FIND LOG RECORD OF DECKER ARTESIAN WELL

A. E. Lyon Discovers Printed Story of Borings Among Old Papers—Strata Same as at North Wells.

Commissioner Brennan is much interested in a record of the different strata which were found when the Decker artesian well at the south pumping station was put down in 1888. The log of this well down to 80 feet corresponds with the strata found in sinking the last well at the north side pumping station. The Decker well it may be remembered was sunk to a depth of 2343 feet. It made a good flow for some time but subsequently caved in and no water has been coming from it for a number of years.

The printed record referred to was published by the city under date of Aug. 1888, when bids were being asked for the drilling of another artesian well near that one put down by Mr. Decker. The printed slip was found by A. E. Lyon in looking over some old papers recently. It shows the different strata and the thickness of each as found in the Decker well to be as follows:

Different Strata—Depth	Thickness
1 Clay and soil	15 15
2 Sand and gravel	15 3
3 Black and blue shale	18 62
4 Coarse gravel, full of gas	80 2
5 Bluish gray shale	82 58

Dated, Jacksonville, Illinois, October 19, 1914.

SHORT COUNCIL SESSION.

The meeting of the city council Monday morning was of only four minutes length and there was no business except that of the most routine character which demanded attention. The minutes were read and approved, and approved bills were ordered paid when funds were available. A communication was read from the mayor of Houston asking the city to send a representative to the conference on freight rates, to be held in that city, and the council then adjourned.

BIRTH RECORD.

Dreams

The dreams of youth are most in tracing, they take him where all nature smiles, and birds of paradise are glancing along romantic woodland aisles. And when he wakes, and lies recalling the visions of that fairy shore, the moonlight on its vistas falling, he faint would sleep and dream some more. The dreams of age are fierce and racking, and wear away the old man's lives; in dreams red men my steps are tracking, with tomahawks and scalping knives. Or I am tied upon a trestle, a locomotive drawing near; no matter how I strain and wrestle, I cannot escape my doom. I fear. Or forty-seven bulls push their big antlers through me—how comfortable all that feels! Or I am from an arid plain, I feel I know that every bone will break; the pangs I feel, I most appalling, and I'm still falling when I wake. I never sleep but that disaster comes to me in some strange form; I'm swimming in a lake of plaster, or torn to fragments by a storm. And when I wake I'm so exhausted, to walk I scarcely have the steam; then by some youth I am accosted, who tells me of his glowing dream!

S. H. MCCAUSLAND ENDS LIFE OF USEFULNESS

Had Been Teacher in Morgan County Schools For 25 Years—Other Deaths.

Samuel H. McCausland, a well known instructor in the public schools of Morgan county died at 11 o'clock Monday morning at his family residence, 322 West North street, after an illness of only eight days. His death was due to erysipelas with complications. He was principal of the public school in Alexander and it was while so employed that he became ill, and in consequence was obliged to give up his duties and come to his home in this city for treatment and nursing, but it was of no avail and his spirit took its flight.

Mr. McCausland was one of the teachers longest in the service in the county, having been connected with various schools for over a quarter of a century. His ability as a teacher was such that his services were ever in demand, and those who were intimately acquainted with him speak of him as an honorable and upright man and a model teacher. He was a writer of considerable ability and his poetical efforts were meritorious. He was a member of the Baptist church.

Samuel H. McCausland was a son of Joseph and Maria (Beauprey) McCausland and was born over at the time of his death he had attained the age of 66 years, 4 months and 27 days. On Dec. 9, 1866 Mr. McCausland was united in marriage to Miss Margaret Transbarger who with their three children, Mrs. William A. Bartlett and Mrs. Daniel Fernandes of Jacksonville and Mrs. C. W. Luter of Kansas City, survive to mourn the death of their husband and father. He is also survived by his sisters, Mrs. Rosa Flaherty, of Iowa, Mrs. Anna M. Reynolds, of Modesto, Macoupin county and his brothers, David N., and Joseph C. McCausland of Havana, Ill.

Funeral services will be held at 10 o'clock Wednesday morning at the family residence, 322 West North street. Interment will be in Jacksonville cemetery.

ELECTRIC AUTO MEN MEET.

Philadelphia, Oct. 19.—Several hundred representatives of the electric automobile industry were present today, when the fifth annual convention of the Electric Vehicle Association of America was opened here today. Makers, sellers and owners of electric driven cars gathered for the event. Mayor Blankenburg welcomed the visitors at this morning's session. The convention will continue for three days.

PROVISIONS FOR THE ARMY IN THE FIELD.

Importance of Keeping Body Well Nourished.

In time of war, the greatest effort is always made toward cutting off the enemy's base of supplies. It is the well-nourished people who fight the strongest and live the longest and contribute most to human progress. Is your stomach doing its duty—does it convert food into good blood and tissue?

Dr. Pierce's Golden Medical Discovery has been so successful in the treatment of indigestion, that thousands of former sufferers owe their good health of today to its wonderful power, and testimonials prove it. It arouses the little muscular fibres into activity and causes the gastric juices to thoroughly mix with the food you eat, simply because it supplies the stomach with pure, rich blood. It's weak, impure blood that causes stomach weakness. Get good blood through the use of Dr. Pierce's Golden Medical Discovery, and you will have no more indigestion.

It is the world's proved blood purifier. It's not a secret remedy for its ingredients are printed on the wrapper. Start to take it today and before another day has passed, the impurities of the blood will begin to leave your body through the liver, kidneys, bowels and skin, and in a few days you will know by your steadier nerves, firmer step, keener mind, brighter eyes and clearer skin that the bad blood is passing out, and new, rich, pure blood is filling your veins and arteries.

The same good blood will cause pimples, acne, eczema and all skin eruptions to dry up and disappear. Dr. Pierce's Golden Medical Discovery is the helpful remedy that nearly everyone needs. It contains no alcohol or narcotic of any kind—adv.

NEW BOOKS AT LIBRARY.

The following are the new books added this week at the library:

Literature.

Gibson—Daily Bread.

"Dramatic, depicting vividly and with great insight and sympathy the life of the poor and uneducated British workers in the fields, the mines, the cities and at sea."

Hamphrey—The Edge of the Woods.

"The Outlook says of this author's work: 'Humor that is gentle and cheery—the unmistakable air of literary grace and refinement.'"

History and Government.

Childs—Actual Government in Illinois.

"There is a consensus of approval of Miss Childs' Actual Government in Illinois. It seems to me just the kind of straight-forward simple statement of facts put in a readable style that will be useful to club women who want to know and to teachers who wish to teach."

Miss Mary McDowell, University of Chicago Settlement.

Phillips—The West in the Diplomacy of the American Revolution (University of Illinois Studies in the Social Sciences).

Tisher—Pan Germanism.

"Since the outbreak of the present war, this study of the 'Teuton's' dream of world supremacy has been one of the most talked of books on the market. Clear and understandable. By an eminent authority on international politics."

Travel.
American Steel and Wire Co.—Panama.

An interesting pamphlet with good pictures.

Stueck—Ascent of Mount Denali.

A clear and simply told tale of a remarkable ascent. The author pleads for the restoration of the Indian name of the mountain. Excellent photographs help to an understanding of the formation of the mountain.

Rent Fiction.
Bacon—Today's Daughter.

"Feminism is discussed in a very sophisticated atmosphere which will delight many and perhaps shock and bore others."—A. L. A. Bkl.

Gregory—Under Handicap.

"An interesting western story built on the familiar plan of the Yale man, rich man's son, cowboy, fight with the boss who turns out better than usual, making good as engineer for a reclamation project, death of the villain after dynamiting the dam and triumphant winning of the right girl."—A. L. A. Bkl.

Harrison—Lad of Kent.

"Thrilling but not too improbable adventure on the Kentish coast when free traders and press gangs abounded."

WHAT THE KAISER DID A YEAR AGO

Berlin, Oct. 19.—It was recalled today in diplomatic circles that yesterday was the first anniversary of the dedication of the colossal monument at Leipzig, erected on the battlefield to commemorate the centennial of that historic conflict involving the nations of Europe. The Kaiser was the central figure at the dedication, and made a speech extolling the bravery of the Teuton. A half million spectators witnessed the martial array which the Kaiser provided for the dedication.

WHAT THE KAISER DID A YEAR AGO

Berlin, Oct. 19.—It was recalled today in diplomatic circles that yesterday was the first anniversary of the dedication of the colossal monument at Leipzig, erected on the battlefield to commemorate the centennial of that historic conflict involving the nations of Europe. The Kaiser was the central figure at the dedication, and made a speech extolling the bravery of the Teuton. A half million spectators witnessed the martial array which the Kaiser provided for the dedication.

Since the outbreak of the present war, this study of the 'Teuton's' dream of world supremacy has been one of the most talked of books on the market. Clear and understandable. By an eminent authority on international politics.

HAS ALEXANDER FOUND THE SAME?

The Answer is Found in the Straight-forward Statement of an Alexander Resident.

We have been reading week after week in the local press of Jacksonville citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Alexander will set this doubt at rest.

J. Tankersley, coal dealer, Box No. 7, Alexander, says: "I cheerfully recommend Doan's Kidney Pills for kidney trouble. They have relieved me of a very severe case of this complaint after several doctors had failed to help me. I was induced to try them after seeing what they had done for a friend. I know that Doan's Kidney Pills live up to all the claims made for them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tankersley had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

"Pape's Diapepsin" Digests Food When Stomach Can't—Cures Indigestion.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

SAYS SULPHUR IS SURE TO RELIEVE ITCHING ECZEMA

Get Ounce of Bold-Sulphur and Heal Skin Eruptions Right up.

Any breaking out or irritation on the face, arms, legs or body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up, leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before eruption again appears on the skin.

Those troubled should obtain at any pharmacy an ounce of bold-sulphur which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.—Advertisement.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur It Darkens so Naturally Nobody Can Tell.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

SIEGEL TRIAL IS SET TO BEGIN MONDAY IN NEW YORK

Former Prominent Business Man and Associate Must Answer Charge of Violating Banking Laws.

New York, Oct. 19.—The stage has been set for the trial of Henry Siegel, formerly one of America's foremost business men, and his partner, Frank E. Vogel, and on today the case will be called before Justice William W. Clark at the Grand Jury. The indictments are for grand larceny and for violating the banking law, in connection with the banking business done by Siegel.

Assistant District Attorney Train, who will prosecute the indictments, has engaged eighteen rooms in two hotels in New York, for the accommodations of witnesses. John B. Stanchfield of counsel for the defense also promises to produce a long string of witnesses, but these will be quartered in Rochester. District Attorney Whitman is not expected to be active in the case.

The indictments against Siegel and Vogel were returned last March by the grand jury which investigated the Siegel stores in New York and the savings bank conducted in connection with them. Three joint indictments were returned.

The first indictment charges Siegel and Vogel with grand larceny, in that they made false statements to the Bank of Commerce, in order to borrow \$25,000. The other two indictments charge that they accepted deposits when they knew the bank of Henry Siegel & Co., to be insolvent.

If convicted on the first charge, a felony, Siegel and Vogel might receive a penalty of ten years in prison. Conviction on the second and third indictments, misdemeanors, would result in their imprisonment from one to five years and the payment of a fine of from \$1,000 to \$3,000.

Soon after the Siegel crash last March, and while Henry Siegel was testifying in a bankruptcy proceedings, three hundred angry depositors in his bank hunted around the federal court building for Siegel. They were forcibly ejected from the bankruptcy hearing, where Siegel was given sensational testimony regarding his affairs.

Siegel also testified that he and Vogel had filed a bond and had purchased fixtures for the bank. Then he admitted they accepted deposits and made them act as a floating capital for the bank. He declared he had no money to pay what he owed and he declined to answer the question as to whether an entry was made on the books of the stores when they borrowed money from the bank, on the ground that it might tend to incriminate him.

Life insurance policies in favor of his daughter to the amount of \$50,000 were admitted by Siegel. His paintings, he said, were taken by his wife four years ago. He has no jewelry left. His wife, he said, spent most of the \$46,000 a year necessary for his living expenses—his annual income from all sources.

Siegel's salary from the Shipson Crawford store in New York was \$1,000 a month, from the Fourteenth street store \$750 a month and from the Chicago store \$1,200 a month. It was during the progress of his testimony that the grand jury returned the indictments against Siegel, and the latter paled in court when the fact was whispered to him. Siegel and Vogel were taken away in a private elevator in order that they might dodge the mob of angry depositors awaiting them. When arraigned in answer to the indictments, pleas of not guilty were entered.

In the indictment charging grand larceny it is alleged that at the time the men applied for the loan from the National Bank of Commerce on May 17, 1912, they said they had liabilities above \$1,153,639, when in reality, it is charged, they were insolvent. The other indictments allege that two depositors were allowed to deposit \$190 each in the Siegel bank on Dec. 20, 1913, when both Siegel and Vogel are said to have known the bank was insolvent.

It was said during the investigation of Siegel's affairs that the district attorney had found discrepancies of nearly two million dollars between the books of the Siegel stores and banking enterprises and the financial statement used as a basis of additional credits before the failure.

COLLEGE ATHLETES AID FOREIGNERS

Boston, Mass., Oct. 19.—Harvard College athletes today opened up three settlement houses in the poor sections of Cambridge and Boston, and also took charge of a half dozen boys' clubs which the college men direct each winter. Capt. Harry A. Murray of the Varsity crew, son of a New York millionaire, is the director of the work among the boys, and has practically found a whole crew of strong-armed oarsmen putting in their evenings among the boys. Delinquents are encouraged, poor boys are supplied with books and jobs, and youthful criminals are taken in hand and reformed by the college men in connection with the juvenile courts. Another important branch of the work is the instruction of newly-arrived foreigners in American customs and American ideals, which are best taught by personal touch.

EASTERN TRAINMEN MEET.

Philadelphia, Oct. 19.—One hundred and twelve chairmen of the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors are gathered here today for the discussion of working conditions of railroad operatives in the east, and tomorrow will open a three days' conference. All railroads east of the Mississippi river are represented. General conditions on the various lines will be discussed, and plans will be made for the coming year.

HEALTHY HAIR SOFT, FLUFFY AND RADIANT

Beautiful hair does not just happen to be so, but is always a matter of care and proper nourishment of the hair roots. No matter if your hair is falling out, stringy, lifeless and full of dandruff, Parisian Sage, an inexpensive tonic, sold by all druggists, is all that is ever needed. It nourishes the hair roots and stimulates the growth of new hair. Even dandruff is entirely removed with one application, and itching scalp and falling hair cease; your hair will be bright, vigorous, soft and fluffy.

(Whether your hair is oily, dry or brittle, Parisian Sage immediately removes the cause, and by toning up the scalp quickly restores the hair to its original brilliancy and vigor.

Parisian Sage can always be had from Coover & Shreve, and is a delightful and easily applied treatment that will never fail to act as a real and lasting benefit to your hair and scalp.—Adv.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone. Don't stay! This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

PLAYS AND PLAYERS.

"Let's Get Married" is the name of a new musical play.

Joe Weber is to produce a new melodrama called "The Fallen Idol".

Valerie Bergere has a new sketch called "The Locks of Panama."

H. H. Frazee is to produce a play called "A Woman of Today," by Elizabeth Hall Gould and Frances Whitehouse.

Henry E. Dixey has shelved the playlet "Castle Romance," in which he was appearing with Marie Nordstrom.

Klaw and Erlanger announce that their musical comedy production, "Papa's Boy," will have its premiere shortly in Philadelphia.

Marie Dressler has reconsidered her decision to retire from the stage and soon will be seen in a new farce, entitled "The Sub."

David Warfield has started on a tour which will take him all through the south, up to the Pacific coast and back through the northwest.

"The Song of Songs," adapted from Sudeman by Edward Sheldon, is scheduled to have its initial production in Atlantic City about the end of this month.

SPORT NOTES.

Baseball.

Pitcher Kiefer, formerly of the Southern Michigan league, made a fine showing in his trial with the Indianapolis Federal league champions.

In the opening game of the Southern Michigan and Michigan state league post-season series, Robbins, Saginaw pitcher, fanned 15 of the Muskegon batsmen.

Joseph Killian, who has won three successive pennants as manager of the Oshkosh Wisconsin-Illinois league team, will probably pilot a team in faster company next season.

George Burns of the Giants is the 1914 champion run-getter and base-stealer of the National league. In the American league, Eddie Collins, of the Athletics leads the run-getters, while Fritz Maisel, of the Yankees tops the base-stealers.

Football.

Russell Nourse, Harvard's 1908 centre rush, is working out with the Harvard varsity squad.

Brown, one of the best tackles on the Williams college eleven, is out of the game with a side injury.

Coach "Hurry Up" Yost has started his training table at the University of Michigan with 26 men.

Pennsylvania has gone into behind-the-gate practice in anticipation of the big games to come.

Mahan, Soucy, Logan and Smith form the largest squad of first-string cripples Harvard has had in several years.

Higinbotham, the old University of Texas end, is making a good showing at the left end on the Yale varsity team.

Sol Metzgar, Penn's 1903 football captain, is coaching West Virginia University and not West Virginia Wesleyan, as was reported.

Walter Elwood, who is coaching Washington and Lee University, has made a great hit with his players, who have made big scores this fall.

With the Boxers.

The Kenosha (Wis.) promoter announces that he will give no more big percentages nor will he offer guarantees.

Sam Robideau, the Philadelphia lightweight, has been making a nice showing in the six-round game in the Quaker City.

Charles Frohman has secured a thirty-minute curtain raiser for Billie Burke this season. It is called "Jerry" and was adapted from Dickens by Paul M. Potter.

Mr. and Mrs. John Baracus of Carmargo, Ill., are guests at the home of her sister, Mrs. Edward Haley, 350 East Morton avenue and with other relatives.

Mrs. Edward Welch after a visit with Mr. and Mrs. James S. Alkire on East College avenue, has departed for her home in Fort Smith, Ark.

START THE WHEELS ROLLING.

The commerce of the American people in our own country, what we produce and handle among ourselves, is forty billions of dollars annually. When we open the doors to foreign producers what they send in displaces what we make ourselves.

What the foreign producer makes and sells here keeps HIS payroll busy, but it doesn't give OUR men work. The more we buy from abroad of what we can produce ourselves, the less we work and the more money we send out of our country in gold.

The less we make here the less coal burned in factories, the less material and the less merchandise to be carried. This means less freight and fewer trains, fewer crews, more locomotive engineers on firemen's runs, more idle engines and cars.

Free trade with foreign countries spells idle men. Protection gives all something to do and starts wheels rolling on American railways.

Reduce the number of idle railway men by improving our markets and making more freight to carry.

LAWRENCE Y. SHERMAN.

FOREST NOTES.

As many as 72 different kinds of wood are used in the manufacture of umbrella handles, canes and whips in this country.

Authentic records show that cinders, from a forest fire in the tree tops in northern Washington this fall, were carried a distance of twenty miles.

According to the latest available figures, Pennsylvania stands fifth in the production of wood pulp and is second to West Virginia in the amount of slabs and other sawmill waste used for pulp; Maine stands third.

The better wood engravings are made almost exclusively of boxwood, and the large blocks are made of small pieces glued together. The engraving is done across the end of the grain. Japanese wood prints, on the other hand, are made on lengthwise sections of cherry wood parallel to the grain.

Throughout the national forests the rangers are posting the roads with permanent guide signs which tell distances and directions, especially at forks and cross-roads. The signs are usually put up in the winter when other work tends to be light. On some forests the rangers go on snowshoes, dragging loaded sleds and nail the signboards to the roadside trees.

THAW CASE BEFORE SUPREME COURT

Washington, Oct. 19.—Decision is expected this week in the extradition case of Harry K. Thaw, convicted of the murder of Stanford White, and who, after commitment to the New York asylum at Matteawan, escaped from the state. The United States Supreme Court, which convened last week, has taken up the motion to advance the hearing, which the state of New York urges on the ground that Thaw's continued presence in New Hampshire is a reflection on the New York state government.

Early decisions expected this week are those considering the constitutionality of the Grandfathers' clause legislation in the South; the validity of Taft oil land withdrawal in Wyoming and California, and the Henry case, in which the right of Congress to compel citizens to testify before its committees is involved.

The annual report of President Taft of the Three-I league showed a deficit of \$2,500, largely in money due each club for mileage equalization.

LAYERS URGE PASSAGE OF UNIFORM LAWS

Convention of American Bar Association Has Opened at Washington—Wilson and Root Will Attend.

Washington, Oct. 19.—The rapidly growing movement for uniform laws in the different states will receive a big impetus here this week, and the advocates of uniform laws are holding the stage in the big convention of the American Bar Association, which opened here today. President Woodrow Wilson has promised to attend and to discuss the uniformity question, and Senator Elihu Root will represent Congress in the discussion of the subject.

Ex-President William H. Taft, the president of the association has been here since Friday arranging the details for this meeting of American barristers, which is expected to eclipse all past gatherings of lawyers.

The uniform laws conference opened its sessions this morning, and a large attendance from many states signified the wide-spread interest. Walter E. Coe of Stamford, Conn., chairman of the pure food committee, submitted a draft of a uniform cold storage act. Hollis R. Bailey of Boston presented the draft of a uniform law for workmen's compensation, his suggestion being the result of extended study of the practical working of the various laws now in effect in the different states.

The practicability of incorporating the principle of Eugenics into the marriage and divorce laws brought out a vigorous discussion, and the movement met with considerable opposition. Other uniform laws suggested at today's meeting, applied to partnerships, incorporation and bankruptcy.

Every state in the union is now represented in the commission for uniformity of laws. The original board was created by the State of New York in 1889 and the other states were invited to join. Perhaps the greatest question under discussion at today's session and during the past five years is that of incorporation, and the committee which drafted the act suggested to the convention today, announced that they had achieved under the greatest difficulties a uniform law which will answer the purpose of safety to the public and justice to the corporations. The draft will be made public later.

The American Bar Association will open its regular meeting tomorrow, and sessions will be held for three days.

If Stanley Yoskum, the Denver lightweight, carried a knockout punch he would be a world-beater. He is undoubtedly one of the toughest 133-pounders to be found anywhere in the country.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing of taking laxatives, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

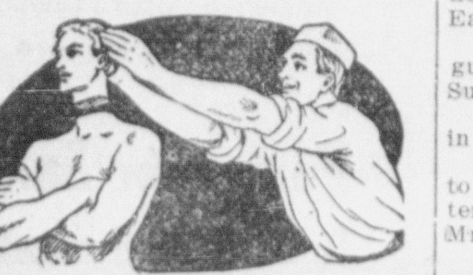

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Blood Destruction Stopped and Rebuilt

Worries Overcome, Evidence Brushed Away. The Skin Cleared.

S. S. S., the famous blood purifier, is man's architect. It contemplates the damage done and repairs the damage. It also looks after the possible damage and corrects all tendency to blood eruptions, decay of bones, clogging of joints and any and all of those myriad of destructive effects such as rheumatism, catarrh, swollen glands, sore throat, bronchial affections and the host of infirmities so well known as being caused by impure blood. And now, why should S. S. S. do all this? Simply because it is Nature's antidote, a remedy of searching influence. It contains a powerful, natural ingredient, that sweeps its way to the skin. And in doing this it not only annihilates destructive germs but causes them to be so converted that they are easily and harmlessly voided, expelled or destroyed and then driven out through the natural outlets of the body. Thus let S. S. S. be your safeguard in all blood troubles no matter what they are. It won't fail you. Get a bottle today of any druggist but refuse any and all substitutes.

Get in communication with the medical department. Write The Swift Specific Co., 24 Swift Bldg., Atlanta, Ga. This special advisory work on blood troubles has been of incalculable benefit and has cured a host of sufferers.

NINE RACES MENTIONED IN AN APPEAL

American Missionary Association Seeks Aid For Dependent Peoples.

Providence, R. I., Oct. 19.—No fewer than nine races, including Indians, Esquimaux, Hawaiians and negroes, all dependent peoples under the American flag, will aid in an appeal which the American Missionary Association is making for financial aid to continue its work, and each race will be represented by speakers at the annual meeting of the missionary association, which opens here tomorrow. The society, which is supported chiefly by Congregationalists, last year received aid to the amount of \$559,000, but is hit this year by the war, in common with other missionary societies.

Bishop Bratton of Mississippi will be one of the principal speakers. As head of the Episcopal church in his home state, he is interested in the negro situation in the south, and his message will be an appeal for a closer and more rational study of negro problems by northerners.

The building of a Thornton Memorial Chapel for Esquimaux will be reported; a memorial of a young Virginian who gave his life to Christian work in the far north. President Henry C. King of Oberlin college, and Chairman Warner of the International Y. M. C. A. will also speak.

A unique feature of the meeting will be the presence of Hindus from the Pacific Coast, where they have just completed a new Brahmin temple.

In the Circuit Court Thereof,
To the November Term, A. D. 1914
The Farmers & Traders Bank of
Meredosia, Illinois, Complainants,
vs. Clara B. Wilday, Benjamin
R. Wilday, V. C. Christ,
Cliff Corrington, Defendants.
In Chancery Sitting:

Affidavit that the said defendants Clara B. Wilday, Benjamin R. Wilday and V. C. Christ cannot be found nor their place of residence cannot be ascertained, having been filed in the office of the clerk of said circuit court of Morgan county, notice is hereby given to the said Benjamin R. Wilday, Clara B. Wilday and V. C. Christ that the complainant filed its bill of complaint in said court on the chancery side thereof on the 11th day of April, 1914, and that a summons thereupon issued out of said court against said defendants returnable on the 11th day of May next, 1914, being the first day of the May term, 1914, of said court, as required by law, and that an alias summons issued out of said court against said defendants returnable on the 9th day of November 1914, being the first day of the November term, 1914, of said court, as required by law, and that such suit is now pending.

Now unless you, the said Benjamin R. Wilday, Clara B. Wilday and V. C. Christ shall personally be and appear before said circuit court of Morgan county on the first day of the next term thereof to be holden at the city of Jacksonville in said county on the second Monday of November, 1914, and plead, answer or demur to the said complainant's bill of complaint, the same and the matters and things therein charged and stated will be taken as confessed and a decree entered against you according to the prayer of said bill.

(Seal) Eugene D. Pyatt, Clerk,
P. F. Thompson, Complainant's
Solicitor.

Dated this 5th day of October, 1914.

NORTH CAROLINA FAIR OPENS.

Raleigh, N. C., Oct. 19.—The state fair of North Carolina, with many new features and attractions, brought together a large attendance today, when Governor Locke Craig and his suite formally opened the big event. Speeches and band concerts occupied most of the afternoon. The exhibits are unusually large and interesting, and the attendance denotes the prosperity of the rural sections of the state, despite the unusual conditions in the cotton belt.

Mrs. Edna Cox of Woodson was a guest Saturday and Sunday at the home of Mr. and Mrs. Eb. Spink.

1879 EDISON DAY 1914

Wednesday, October 21 A NATION-WIDE EVENT

WHY We should celebrate this event, and HOW

ON OCTOBER 21, 1879—thirty-five years ago—THOMAS ALVA EDISON made the first carbon filament incandescent lamp—a thread of charred cotton that glowed forty hours in a vacuum bulb. From that initial success, in itself attained only after many months of patient labor and self denial, has been evolved the most perfect illuminant that the world ever has known.

The Mazda Lamp

In commemoration of that historic twenty-first day of October, 1879; in recognition of the vast benefits that Mr. Edison's great invention has conferred upon mankind; in admiration of the great genius that created not only the incandescent lamp but the present lightning industry, and to show our appreciation, this special offer is made.

LITERBERRY.

The Literberry M. E. society met in regular session at "Sunny Brook" on Sweet Clover avenue, the Rexroat home, with Mesdames Elsie, Sarah and Hannah Rexroat as hostesses, on Wednesday afternoon. About fifty persons were present and a good program was rendered. Mrs. Parlier won the prize in the contest, which consisted in tearing up pieces of paper until you shaped one to look as much like our state, Illinois, as possible. When the judges took up these papers they found them in all shapes: some round, some square and some long and some short; Mrs. Parlier's paper was the best, and she carried off the prize. A four course luncheon was served, and an offering of five dollars was voted to be sent on the Christmas ship, to the children of war devastated Europe, under the auspices of the Peoria Journal.

The next meeting will be at Mrs. Rena Brainer's home, with Mrs. Flora Thompson as assistant.

Mrs. C. C. Farmer of Barry, Illinois is visiting at Oakdale, the pleasant country home of Mr. and Mrs. Robert Beavers.

Mr. and Mrs. Ed. Litter of "Rose of Sharon" on Broadway, entertained at a Sunday dinner, several of their young friends.

Mrs. O. M. Petefish, Miss Mildred Underbrink and Miss Evalie Hull were callers at Sunshine Cottage Sunday afternoon.

Mrs. C. L. Hudson of East St. Louis, is visiting at "The Zenyrs", the pretty home of Mr. and Mrs. C. A. Beavers on East Capitol street.

Mrs. C. G. Helney and son Wal-

ter from Rock Bridge, Greene county, Ill., are here visiting her uncle, Mr. Geo. Richardson, on Peoria Boulevard.

Warren Daniels lost a valuable driving horse last week.

Earl Rexroat is improving his town property, by painting the buildings. Mr. John Stevenson is doing the work.

Reverend Mr. Smith, the Christian minister, made a pleasant call at Sunshine last Friday afternoon, during the rain.

We thought Santa Claus was getting around before time when we looked out on our front porch last Friday, and saw such nice sweet potatoes and pumpkins piled up against the door, but we found later, it was Mr. and Mrs. J. M. Litter of Shady Lawn who had been around.

Mr. and Mrs. Wall Mason of Maple View were driving on our streets Saturday.

TRI-STATE MEDICAL SOCIETY ELECTS OFFICERS

Voted to Hold Next Meeting of Organization in Chicago.

The Tri-State Medical society of Illinois, Iowa and Missouri that met in this city two years ago held its annual meeting in Des Moines, Iowa, the past week. The address of welcome from the Mayor was responded to in behalf of the society by Dr. C. C. Cochran of Jacksonville. Dr. A. B. Middleton of Pontiac, Ill., a former Morgan county young man was elected secretary of the meeting. The next convention will be held in Chicago.

During the past year one hundred new members have been added to the society. There seems to be a great movement upon the part of the medical men of adjoining states to form large societies of a similar character.

The officers elected follows: President—Dr. Scooler, Des Moines, Iowa.

Vice President for Illinois—Dr. Clarence Wheaton, Chicago.

Vice President for Missouri—Dr. F. M. Roberts, Hannibal, Mo.

Sec.—Dr. Charles H. Parks, Chicago.

Treasurer—Dr. Emory Lamphear, St. Louis, Mo.

CAREER REMARKABLE FOR TROUBLES

Dublin, Ireland, Oct. 9.—The 12-inch lens which brought about the ruin of Sir James South and caused the then-famous astronomer to quit the career that brought him undying fame, is today the property of Trinity college, as the gift of Sir James. The death of the astronomer occurred forty seven years ago today in his observatory, where he spent his declining years, partially blind and mentally unbalanced. Sir James South is famed for his discoveries in measuring the stars, and was made a member of the Royal Society. When he founded the Astronomical Society in 1829, the Royal Charter was made out in his name. This caused so many disputes that South withdrew from the society. Shortly afterward King William IV knighted him. Then he built an observatory and ordered a 12-inch lens from Paris. The work was not successful, and South became entangled in a suit for payment. The award was in favor of the lens-maker, and the outcome of the controversy was the ruin of one of England's greatest minds.

ANTI-SALOON LEAGUE HOLDS MEETING AT GRACE CHURCH

An enthusiastic rally in the interest of the Anti-Saloon league was held at Grace M. E. church Sunday afternoon, the principal speaker being Mr. Herbert Rood. He is district manager of the Lansing district of the Anti-Saloon league of Michigan and is editor of the Michigan Issue. He made a most timely address. He said that already ten states of the union had voted for prohibition, and the fight was on in fifteen other states. To get the required majority 36 states are needed. The Hobson resolution for country wide prohibition is now before congress.

GOOD PROGRAM.

SOCIAL EVENTS.

Misses Alice and Mary Wadsworth gave a rag tag party in the new barn on the Farrell-Crabtree farm near Alexander Monday evening. There were 75 young people present, all making the journey in automobiles from Springfield, Jacksonville, Waverly and New Berlin. The barn was decorated in corn stalks and pumpkins in keeping with the Halloween idea and during the delightful hours refreshments were served. Miss Madge Lombard of Waverly was among the shoppers in the city Monday.

The Freshman class of the Women's college was entertained at a "Wake-up party", by the members of the Junior class Monday evening in the halls of the Belles Lettres and Phi Nu literary societies. The halls were decorated in autumn foliage and the system of entertainment proved highly enjoyable. It consisted of the following divisions: mix-up, talk up, sing up, speak up, eat-up and let-up. In each department some particular stunt was performed and it was one of the most happy occasions of the classes this year. At a suitable time refreshments were served. Miss Mary Hull is president of the Freshmen class and Miss Edna Robb of the Junior class. There are 65 members of the Freshmen class and 23 in the Junior class.

Miss Martha Smart entertained a company of friends at her home, 210 West Morton avenue, Monday evening in honor of Mrs. John Webb and Mrs. John Smart, who were recently married. Mrs. Webb was formerly Miss Martha Murray and Mrs. Smart was formerly Miss Julia Wilson. The evening was delightfully spent with games and music and prizes were won by Miss Martha Smart and Miss Myra Henderson. The guest of honor received many presents and the evening proved a most enjoyable one. During the hours refreshments were served. The guests list included Mrs. Ida Murray, Mrs. T. H. O'Brien, Mrs. Reuben Mapes, Mrs. Margaret Wall, Mrs. Grant Smart, Mrs. Henry Jones, Miss Mary Smart.

Paul S. and Russell Boy will start in the Free for all race at the races tomorrow. Be sure and see them.

TRIAL AT MURRAYVILLE.

A trial in which the village of Murrayville sought to collect poll tax from Chester Lakeman, was held at Murrayville Monday afternoon and was attended by a large number of spectators. The case was tried by jury and the defendant, who was represented by Hugh Green of this city, contended that as he is employed by Swift & Company of Jacksonville and makes this city his home he was not obliged to pay the tax, even though his parents are residents of Murrayville. The jury returned a verdict acquitting the defendant.

Mrs. William M. Leftwich of St. Louis, Mo., is visiting her cousin, Mrs. F. M. Coard on Diamond street.

BIRTH RECORD.

WITH THE SICK.

J. O. Priest was taken to Passavant hospital Sunday, where he is threatened with typhoid fever. He was at the hospital some two weeks ago and recovered sufficiently to be removed to his home. He suffered a relapse recently and it was deemed best to take him back to the hospital.

Otis Hoffman remains quite ill at the hospital with typhoid fever. Mrs. Caroline Layman, mother of Mrs. E. E. Wells, is seriously ill with pneumonia at the Wells home on South Main street.

Mrs. Otis Hoffman who has been spending the summer in Denver, Colo., has been called home by the illness of her husband.

NEW CONCRETE FLOOR.

A new concrete driveway is being laid in the Wood's Transfer barn on East Court street, which will facilitate matters not a little.

CHURCH LEADERS TO CONFER.

Church leaders from thirteen counties will confer today in the interest of missions at the Central Christian church. The primary purpose of the meeting is to get better acquainted with the activities of the church along Missionary lines and also to make the acquaintance of the new state secretary, Rev. John K. Golden of Bloomington. It is expected that a large number of delegates will be present.

The Test of Father Time

Has placed his unqualified stamp of approval on the Genuine ROUND OAK Stove, made for over forty years by the Estate of P. D. Beckwith, Dowagiac, Mich.

❑ In principle sound, and construction durable, it has enjoyed national success. Take the time to investigate the fitting, workmanship, weight and quality of material, and you will sell yourself one.

❑ Yes, it burns successfully and economically, hard coal, soft coal, coke, wood and cobs, forms no clinkers, and holds the fire perfectly. It is not surprising it is widely imitated in design and name, but all imitations fall far short in delivering the results secured by the genuine, which has never yet disappointed a user.

❑ We sincerely recommend your investigation and purchase of one this season.

COHEN COAL CASE AGAIN

OCCUPIES COURT ATTENTION

Mass of Testimony Taken Before Master Is Being Read to Judge Jones—Appeal in Concord Case Allowed.

The business of the circuit court is nearing an end so far as the May term is concerned, and Judge Jones yesterday began hearing of the written testimony in the case of Jacob Cohen et al vs. H. H. Deveraux et al, bill for injunction. The case has been pending now for several years and a great volume of testimony was taken before Master in Chancery Clark and this testimony is now being read to the court. The suit involves some shortages and the price on some coal contracted for Central Insane Hospital when Cohen and Son were purchasing from the Chicago-Springfield Coal Company. Several orders were entered on the docket by Judge Jones during the day. In the Concord incorporation case which shows on the docket as the People vs. W. H. Williamson and others, a notation of the exceptions of the complainants was made and a motion for an appeal to the supreme court was granted. Other orders follow:

Sylvanus R. McDaniels vs. Lulu McDaniels, divorce. Rule on complainant in original bill to answer cross bill by first day of next term. Complainant in original bill advised to pay \$25 for alimony fee for bill and \$25 for said defendant for suit money. Both sums to be paid by Nov. 9, 1914.

John William Smith vs. Mattie L. Smith, divorce. Bill dismissed.

BEARDSTOWN NEWS NOTES.

(Illinoisian Star)

Case county's mile of hard road for 1914 this year is about completed. The Beardstown Concrete Construction company has the contract for the work. If the weather is favorable the concrete work will be finished probably by Thursday and by the following week the road will be ready for use. The heavy rains have greatly delayed operation during the past few weeks, but obstacles have been promptly overcome and one of the finest stretches of road to be found anywhere will soon be ready for use.

Supt. H. G. Russell, John Listmann and E. E. Nicholson, as members of the committee on arrangements have completed details for the dedication of the new Beard school building, 8th and Beard streets. The building will be completed and will be dedicated to the purpose for which it was erected, on Friday, October 30th, and will be ready for use as a part of the Beardstown public school system on Monday, November 2nd.

The jury in the damage suit of Mrs. Minnie Stock vs. George Prince and Alfred G. Schultz returned a verdict awarding Mrs. Stock damages in the sum of \$3,500. Since the defendants were sued jointly the verdict is rendered in the same manner and the two defendants are held equally liable by this verdict.

The litigation arose over an accident which occurred on Washington street near Seventh street last May when a buggy in which Mrs. Stock was riding with her son was struck by an automobile driven by George Prince. It was claimed that Prince was racing with Alfred Schultz just before the accident occurred.

DAVID SPENCER PASSES AWAY AT HIS HOME SUNDAY AFTERNOON

Aged and Highly Respected Colored Citizen Expires After an Illness of Eight Years—Funeral Thursday.

David Spencer, one of the oldest colored residents of Jacksonville, passed away at his home, 1116 South East street, Sunday afternoon at 3:55 o'clock. Mr. Spencer had been ill for the past eight years and the greater part of that time was confined to his bed. He bore his sufferings with Christian fortitude and patiently and cheerfully awaited the end, which came quietly and peacefully at the hour above mentioned.

David Spencer was born near Lexington, Ky., September 27, 1832. His parents were slaves and when he was only two years of age his mother and five children were sold. His young mistress, Mrs. James T. Holmes, had become so attached to him that she bought him. One year later he was brought to Illinois by the Holmes family and they settled in Morgan county, where he has since resided. He lived with the Holmes family on a farm near Orleans until he became of age, was taught farming and became very efficient, but was denied literary training. At the age of 25 years, when he came to Jacksonville, he started out to obtain an education and made a bargain with a lady who was teaching at the Academy to saw wood for her in return for lessons. Later he was invited to attend the Baptist Sunday school and it was here that he said his education was advanced. Mr. Spencer was married January 25, 1859 to Frances Young of this city and they were the parents of eleven children, all of whom with the widow, nine grand children and one great grand child, survive. The children are: Sherman Spencer, Mrs. James McDaniels, Mrs. Charles Brannum of this city; Mrs. John Taylor, Harvey and Horace Spencer of Mason City, Ia.; John Spencer of Grinnell, Ia.; Mrs. Julia Currie of Washington, Ia.; Mrs. Henry Mexical of Sigourney, Ia.; Mrs. Victoria Brown and Miss Hattie Spencer of Chicago.

When President Lincoln called for troops in 1860 he responded and joined the 101st Ill. After he was mustered out of service he became actively engaged in business in this city and at one time was a partner of the late John Cherry. He was a great friend of the young, always ready to give advice and lend a helping hand.

Funeral services will be held Thursday afternoon at 2:30 o'clock at the Second Baptist church, of which he was a member. Friends wishing to view the remains may do so by calling at the residence, as the casket will not be opened at the church.

WILL TAKE THREE WEEKS TO INSTALL BOILERS

Old Schedule of Study May Be Renewed if Engines Can Heat the Buildings.

The new boiler for the high school was shipped from Dayton, O., last Thursday and should be here not later than Wednesday. Two engines are now in use heating the buildings for the afternoon school sessions. E. E. Wells of the Board of Education, was at the high school Monday. He ordered a tab to be kept on the time it takes to doing the heating. The new building is the easier heated and only three hours were necessary Monday to make the rooms quite comfortable. It may be that if the two engines prove sufficient to heat the two buildings that the old schedule of recitations will be resumed.

Mr. Wells estimates that it will be three weeks before the two boilers can properly be installed. It will take at least 40,000 bricks to set the boilers and connect the pipes properly.
